# Working with Data Sets in PfDA

## Project Proposals due this Friday

Due by Friday, March 8 at noon: a project proposal that will serve our learning goals and a solid effort at answering questions listed in Project Proposal Template.

**I hope that your project is a topic you find fascinating, because it will help with your learning!!**

Answer the following questions in  
<http://bit.ly/wwod13projideas>

- ▶ What's the title for your project?
- ▶ Who are your team members (2-4 members)?
- ▶ What are some open-ended questions of your project?
- ▶ What are some concrete immediate first/next steps in your projects?
- ▶ What open data sets do you plan to work with? (Show that the data set(s) you plan to work with are indeed open.)
- ▶ What are possible ties to Wikipedia (or any Wikimedia related projects)?
- ▶ What challenges do you anticipate running into?
